

# NDIVHUWO NNDWAMMBI

Computer Science Student | Full-Stack Developer | Aspiring Data Analyst

Pretoria, Gauteng • 076 099 7930 • ndivhuwonndwammbi8@gmail.com • github.com/Ndivhuwonndwammbi

## PROFESSIONAL SUMMARY

---

Motivated and detail-oriented final-year Diploma in Computer Science student with a strong foundation in software development, programming, database management, networking, and problem-solving. Skilled in Java, SQL, HTML, CSS, and software testing, with experience gained through academic projects and practical coursework. Eager to apply technical knowledge in a professional environment, contribute to innovative solutions, and continuously develop industry-relevant skills. A quick learner with strong analytical, communication, and teamwork abilities, seeking opportunities in software development, IT support, systems administration, data analysis, or related technology fields.

## CORE COMPETENCIES

---

Critical Thinking • Adaptability • Problem-Solving & Analytical Thinking • Communication • Teamwork & Collaboration • Time Management • Attention to Detail • Willingness to Learn • Ability to Work Under Pressure • Initiative & Self-Management

## TECHNICAL SKILLS

---

- Programming & Backend: Node.js, Express.js, Java, JavaScript, Kotlin, Python, C#, HTML5, CSS3, MongoDB.
- Data & Databases: SQL & PL/SQL, Excel, Data Cleaning/Validation, Exploratory Data Analysis, Data Science Practices, Database Fundamentals.
- Tools & Frameworks: Jetpack Compose, Jakarta EE, GlassFish Server, Git, Linux CLI, Cisco Packet Tracer.

## CERTIFICATIONS & TRAINING

---

**Data Science & Analytics — HP LIFE Online Course (HP Foundation)** *June 2026*

ID: 073b39d5-69ba-4ce7-85fc-129181c6c6b3

**Critical Thinking in the AI Era — HP LIFE Online Course (HP Foundation)** *June 2026*

ID: a14fc9c5-3564-4202-856f-a7fab1cfa2f

**AI Web Design Training — Mayerfeld Consulting**

ID: 8cf8ead8-72e4-44a7-8602-dd0fd96eb8f6

## PROJECTS & EXPERIENCE

---

**Ndivhu's Shop – Full-Stack E-commerce Platform** *April 18, 2026*

- Developed a complete full-stack e-commerce website using Node.js, Express.js, and MongoDB Atlas.
- Implemented secure user registration and login with password hashing (bcryptjs).
- Designed and built an Admin Dashboard to manage users, products, and track real-time order statistics.
- Built a responsive frontend using Vanilla JavaScript, HTML5, and CSS3 with persistent cart storage.

**Web-based Bug Tracking System**

- Developed a functional bug tracking system using HTML, CSS, and JavaScript with LocalStorage.
- Designed data structures to manage bug titles, descriptions, and implemented status-based filtering logic.

**Premium Atchaar E-commerce Platform**

- Developed a fully responsive landing page using HTML5, CSS3, and Vanilla JavaScript.
- Engineered a custom order-to-WhatsApp integration that dynamically generates formatted order messages.
- Implemented real-time pricing calculation logic and integrated the Clipboard API for payment details.

**Community & Residence Data Tracking (Volunteer)** *Jun 2022 – Feb 2025*

- Collected and recorded administrative data for village and university residence environments using Excel.
- Created and maintained accurate records and spreadsheets to track community resources, finances, and event participation.

## EDUCATION

---

**Diploma in Computer Science — Tshwane University of Technology** *2023 – 2026 (Expected)*

**Grade 12 (NSC) — Tshivhase Secondary School** *2022*
